"Seven Gypsies" Spread

This spread requires the "client card" which represents the questioner. Shuffle until the cards are mixed well. Deal out 21 cards in the order shown by the numbers on this diagram. There are 7 sets with three cards per set. The first card of each set represents the root of the question. The second card of each set represents what is happening now and the third card of each set represents what is to come. Read each set of three cards with their area of interest as listed.

- (a) State of mind (b) Home/family (c) Hopes/secret desires
- (d) Expectations (e) Unforeseen events (f) Immediate future
- (g) Later in life

"YES/NO"

Use the predominance of card colors to answer yes/no types of questions. Draw five cards and place them face up on the table in front of you. Red cards in the upright position are favorable. Black cards with the dark side up are odds against you. - Cut the deck and pull one card to answer a question or just to simply test your luck. If the answer isn't clear pull another card for a more in depth result. The color of the card and it's temperament is an indication of the type of luck you can expect.
